UNITED METHODIST CHURCH

3501 West Ave ♦ Denver, CO ♦ 80219

The definition of "holding pattern" is "a state or period of no progress or change."

That's where we are right now at Bethany. Now, that's not a bad thing. In fact, it gives us a chance to catch our breath and take a look at what else we should be doing. And, in spite of the change of weather, it seems that we are holding our breath - waiting for Covid to release us, waiting for the election, waiting on contractors and permits, waiting on the Lord? But, even in the phrase, "holding pattern", it connotes an organized way of being, a pattern is something with direction - even if it is directed back on itself like a circle. We are waiting to breathe in the newness of our church as we head into a yet another uncertain time. In the midst of that pattern, there are good things happening. The Western Jurisdiction of United Methodist Volunteers in Mission is so excited about Sacred Doors and Bethany that they have booked a Virtual Mission Trip for November. The invitation to this Virtual Mission Trip begins with a Seminar I will present at the end of October and the invitation is sent out to the entire United States. So, we can breathe a little as we continue to circle in our holding pattern that is Bethany.

Peace and Blessings,

Pastor Denise

All Saints' Day

NOVEMBER 1, 2020

While children can of course wear costumes, we will also remember those who have passed. We will have a time to show pictures and give a memory about the departed person.
